

1 Download and install the **trackmyrace App** to your smartphone.

For Android:

<https://play.google.com/store/apps/details?id=com.trackmyrace.mobile.tracking&hl=en>

For iOS:

<https://itunes.apple.com/de/app/trackmyrace-tracking/id1111566609?mt=8>

2 After booking the GPS-tracking at trackmyrace.com, a QR-code  will be sent to you by email.

3 STEP-BY-STEP GUIDE

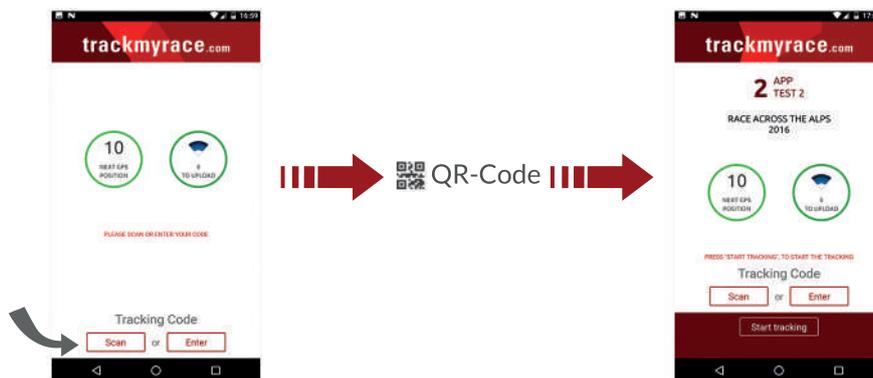

Before you start the app, **activate the Location Service** in your mobile phone settings, otherwise the tracking does not work.

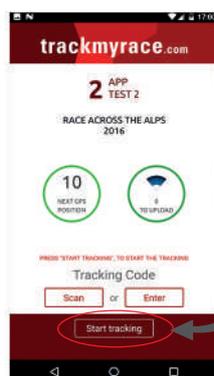

Start the trackmyrace app.

Scan the QR-code or enter the text-code.
Your race number and name will now be displayed.

Press "Start tracking" before the race to begin the tracking process.

3

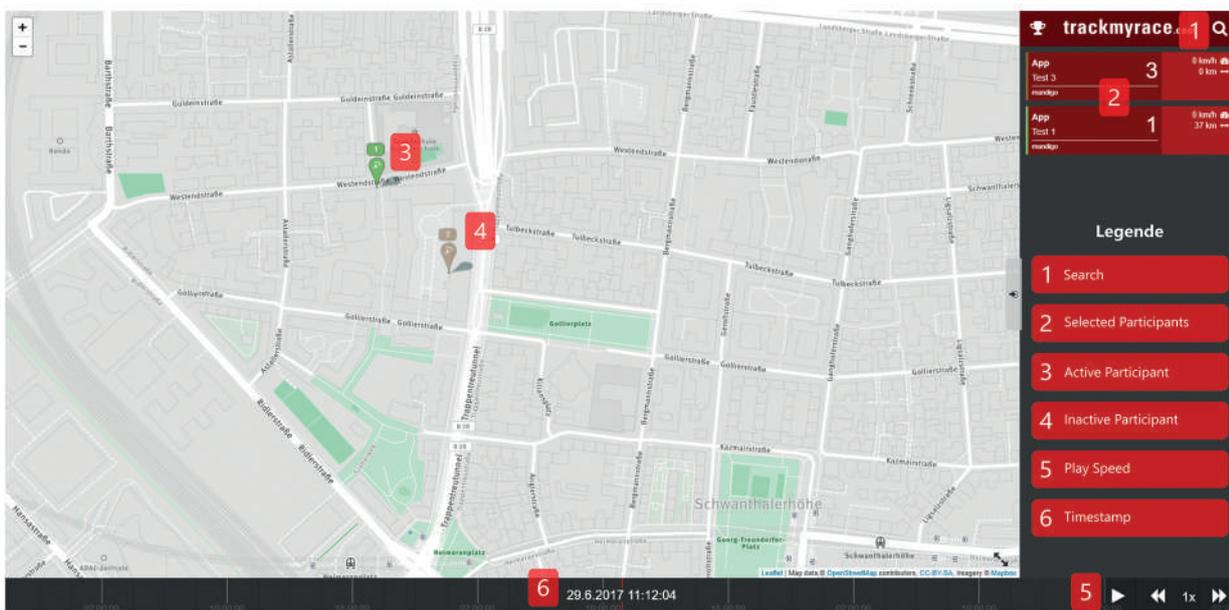

The app can now run in the background.

After finishing the race, press “Stop tracking”  no more tracking data will be recorded

4

Your race can be followed during and after the event on the result page at trackmyrace.com:

Functions:

- 1 Use the search field to look for the race number, athlete name or team name.
- 2 To remove a participant from the screen, press the participant card in the right column and swipe it off to the left or right.
- 3 4 A maximum of 10 participants can be tracked at the same time.
- 5 You can choose the speed and 6 the point of time of the presentation of your tracking by dragging the timeline.
